Good morning Mr Rodriguez, Ms Mears and Ms Milbourn,

My name is Paul Blake, and I'm a Washington-based writer for the BBC.

I'm hoping you can fill me in on the latest in regards to the story about a family who appears to be poisoned after visiting the US Virgin Islands two weeks ago. Do you have a statement that sums up how the EPA is involved in the matter?

Additionally, can you tell me what the next steps are in terms of testing? When might we get final test results this week?

Best,

Paul Blake
